

# ***Deep Desire of Each***

***Jun Togo***

May I ask you a favour? I would like to ask you to listen to your deepest heart that you can access.

Please do not ask any third party, your intellect or what you should do but please ask simply to your deepest feelings.

Do you want to live in hatred, violence, oppression, distrust, and keep on living in the battlefield?

I have another question.

This time, also please ask to the deepest part of your heart that you can access. Do not ask to gods, to parents, to *good and evil* or to any possibility, but simply ask to your deepest feelings.

Do you want to make this earth a peaceful planet with full of smiles and love?

Oh, I see.

You want smiles, love and peace instead of hatred, violence and oppression.

That's a coincidence.

I want the same.

What a coincidence!

I also want to get along with others.

I also feel the same. But I do not think it's possible.

I also wish a peaceful world without suppression too.

To tell you the truth, I really don't want to kill each other, if that is to be forgiven.

If you are not asking whether it is possible or not, then of course I want to get along with others.

No need to think about *good and evil*?  
Then I want to get along with everybody with a smile.

Of course I prefer love. Let's dance!

I want to get along with each other

**get along**
