

Double Hiding

Jun Togo

Did you know that many of words have their own nuance of "good or evil"?

For example, with regard to the following two words, which nuance do they have, good or bad?

Which?

Dictator

peace

Needless to say, the answer is like this. It's common sense, everybody knows!

Bad

Good

Dictator Peace

Other than the above, there are many words that are categorised as good or evil.

What kind of words can you think of?

Look! A man on the TV is using the same words that we have discussed earlier.

A tension between supporters of the dictator
and the peacekeeping force is increasing.

Now, let me see the nuance of these words.

A tension between supporters of the dictator and the peacekeeping force is increasing.

Good

Bad

For that matter, we all have been taught like this.

If you add this teaching, it comes up like this.

That is to say;

A tension between supporters of the dictator and the peacekeeping force is increasing.

Let's stand on the side of the peacekeeping force (which I called so) and fight against the supporters of the dictator (which I called so)!

On this planet, people always attack others.

Afterword –‘Doubly Hiding’ picture book

There seems to be many illusions related to the 'good and evil' ideology. These illusions tend to cause various tragedies, which cause millions of people to suffer. (Please refer to my book, *Good and Evil Addiction*).

I have written this picture book with this illusion as the theme with the aim of reducing such tragedies.
